

Belmont Forum and Future Earth co-branded Collaborative Research Action on Transdisciplinary Research for Ocean Sustainability

Organizational Annex: Oceans and Atmosphere, CSIRO, Australia

Participating partner:

This call is supported by the [Oceans and Atmosphere, Commonwealth Scientific and Industrial Research Organisation \(CSIRO, Australia\)](#)

Available funding:

Depending on all conditions of eligibility and peer review being met, the budget earmarked by the participating partner for this call will be up to **300 000 €** (according to exchange rates at time of funding).

Notice:

The announcement for [Australia](#) will be for employees of Oceans and Atmosphere, CSIRO. Internal announcements will be made. We will also seek other in-kind partners from other Australian research, management and policy agencies.

Details of the call and the application process are provided via the <https://bfgo.org/> website. Applicants are advised to contact their National Contact Point before starting to prepare proposals for application. For national enquiries please see below.

Eligibility and national funding modalities:

(Detail any additional specific requirements for your country/funding agency e.g. building on specific programmes, focussing on specific areas within the topics, in-kind contributions etc.)

[Employees of CSIRO Oceans and Atmosphere may apply for a maximum of A\\$400,000 \(approx. 300 k€\) for salary coverage and operating expenses for participation in an international project. Project duration is up to 4 years, to be aligned with an international consortium.](#)

It is expected that applications to this call will be Collaborative Research Grants with the consortium composition as defined in the call documents, and [CSIRO](#) will fund participation by employees of Oceans and Atmosphere to be partners in any successful trans-national collaboration.
